

PHS Viewer Changes with Hyperdrive

Menu item changes

Old menu:

Lab Views	Summary Views: Big Board	LMR Views	Links	Home	CMLV	Allergy History	OE / eMAR	?
-----------	--------------------------	-----------	-------	------	------	-----------------	-----------	---

New menu:

Lab Views	Summary Views: Big Board	LMR Views	Links	Allergy History	COE Orders	?
-----------	--------------------------	-----------	-------	-----------------	------------	---

- Home preferences removed – Summary Views: Big Board will be the default launch page for all users
- CMLV (Medications Consolidated Viewer) is available in Citrix workspace for authorized users. If you need access, open a ServiceNow request ticket. (CMLV includes historical medications from Oncall and LMR.)
- MGH OE and MGH eMAR - If you need data that pre-dates Epic, contact Research resources:
 - Research Patient Data Registry (RPDR): See <https://rpdrssl.partners.org/> for information and access.
 - Patient Data Science Repository (PDSR): See [KB0014892](#) for what data is available and [KB0039860](#) for access.

Summary Views: Summary – left index view only (top index unavailable)
