REPORT

Report has been administratively replaced by HIM Chart Correction with an addendum written by Dr. Ramon G Gonzalez on 4/21/17.

Addendum:

On series 2, hemorrhage is seen on images 8 through 12, 14 through 29.

ROI Flag:

Please note the (date) radiology result Accession # has been replaced with a new amended version in the DR. If needed for audit purposes, the provider's signed addendum is available in Media Manager. See Doc ID D-prd- . Please contact Chart Correction with questions 857-282-9736.

Database entry for pre-Epic addended radiology report corrections using the replace utility tool:

"Replace utility tool was used to replace the original report with an addended copy. Addended report has been uploaded to Media Manager and an ROI release flag has been placed on the chart."
